

Job Description Voices Together is an innovative and rapidly growing non-profit organization in the central and northern regions of North Carolina. We currently serve clients in ten counties within school districts and the community, with more expansion on the horizon. Voices Together uses our specialized and evidenced-based VOICSS® model to increase communication and social/emotional learning in individuals with diverse abilities. Our proprietary method is evidence-based and considered a best practice, supported through a strong research partnership with Duke University. Voices Together is expanding in the field of Early Intervention, as well as in the area of Pre-Employment Transition Services through our work with the NC DHHS Division of Vocational Rehabilitation.

The ideal candidate enjoys and is skilled in group session work, has a good knowledge of basic counseling and therapeutic methods, is energetic and collaborative, and works well within a team. Team values include a demonstration of professional communication skills, integrity in managing flexible hours, and prioritizing the best interests of the client.

The candidate will work in the Greensboro and Winston-Salem area, with a competitive salary and benefits. Reliable transportation is a must. For more information, please visit our website: www.voicestogether.net.
